I certify that this correspondence is facsimile-transmitted  
to the Patent and Trademark Office (703-872-9306) on 03 JAN 2005:

Christopher John Rudy Jan. 3, 2005.

Thank you for the 12/29/2004 Office communication with its  
Notice of Non-Compliant Amendment for the matter of reference.  
In reply to that notice, please enter the present amendment, and  
reconsider and further examine this application.

SPECIFICATIONS AMENDMENTS follow this introductory page.

A new ABSTRACT OF THE DISCLOSURE concludes this paper.

This amendment more clearly, concisely, exactly and fully  
describes, and more readily enables a reader of the abstract to  
determine the nature and gist of the invention, and is fully  
supported by the original specification. No new matter is added.

As reported by the undersigned to Miss Jones in a recorded  
message left by phone on this January 3rd (703 308 2018), the  
Amendment that was filed on December 2, 2004 properly had the  
entire amended paragraph, which bridged pages 7 and 8 of the  
original specification, presented, and it is presented hereby  
again; and the ABSTRACT OF THE DISCLOSURE is presented hereby on  
one separate page. This is in accordance with 37 CFR 1.121(b).

Prompt and favorable action is solicited.

Respectfully,

Christopher John Rudy
